

Ground Floor

Living and dining, office, pantry, laundry, garage, marble pool

1 The office can become a full guest suite, served by the bathroom right beside it.

Upper Floor

Suites, family room, walk-in closet, two balconies

2 The family room, with a bathroom right next to it, can become another large suite.

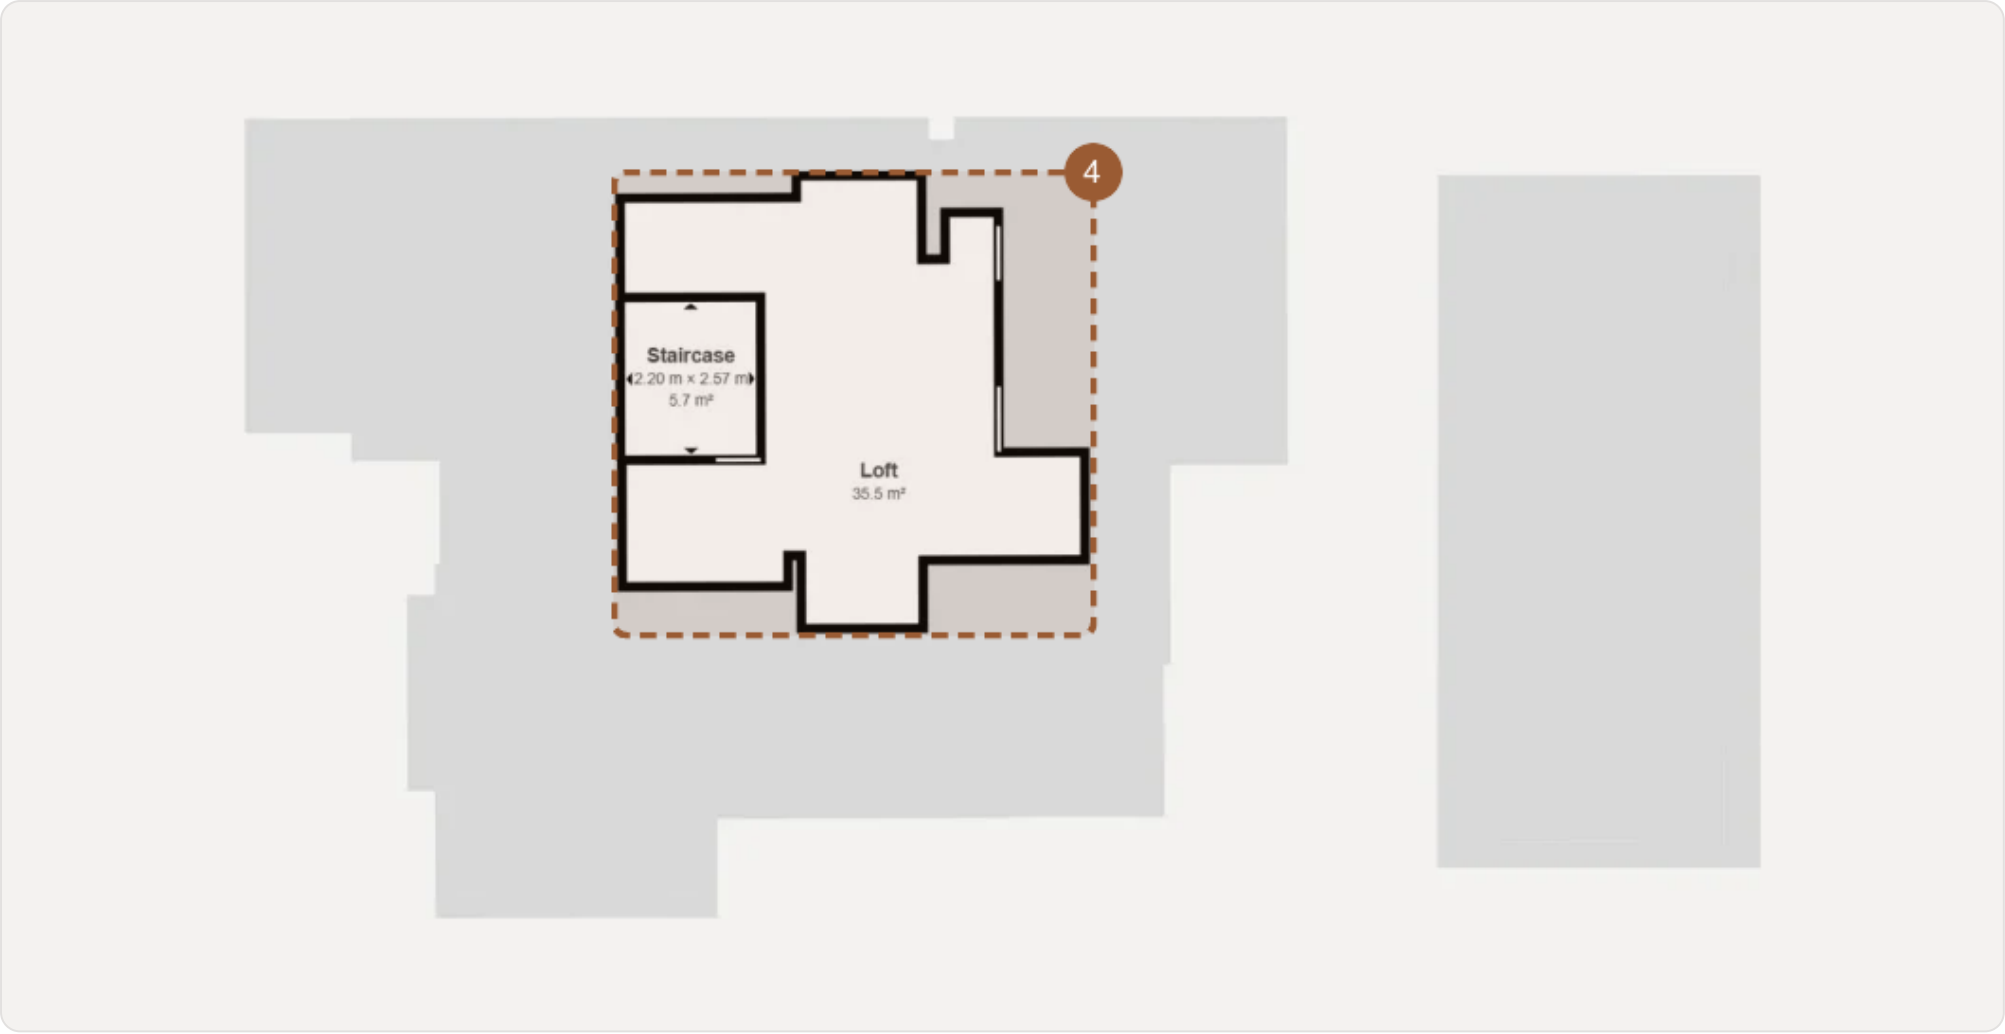

3 The upper living room can become an extra bedroom or suite.

Flexible layout: from 3 up to 7 bedrooms. The numbered markers show what each space can become.

Plans generated from the Matterport 3D scan; measurements are approximate. Built area: 316.62 m² (3,408 sq ft). · cinematichousejurere.com

Loft

Open space of 35.5 m²

4 A blank canvas: master suite, studio, office or cinema room.

Flexible layout: from 3 up to 7 bedrooms. The numbered markers show what each space can become.
